EDUCATION

Instituto de Biología, Universidad Nacional Autónoma de México, México 02/2025-Present
MSc. In **Biological Sciences (Systematics)** | GPA 9.60/10

- Diploma in **Paleontology**. ENAH-UNAM, México. 08/2026-Present
- Exchange student Freie Universität Berlin, Germany | MSc. **Biodiversity, Evolution, Ecology** 10/2025-03/2026

Facultad de Ciencias, Universidad Nacional Autónoma de México, México 09/2019-12/2024
BSc. In **Biology** | GPA 9.67/10 (Hons.)

- Exchange student Universidad de Oviedo, Spain | BSc. In **Biology** 09/2022-03/2023

WORK AND RESEARCH EXPERIENCE

Research Assistant, *Colección Nacional de Moluscos*, Instituto de Biología, UNAM 10/2021-Present

- Conducted taxonomic inventory, identification and classification of over 5,000 gastropod specimens.
- Evaluated urbanization effects and species introductions on Natural Protected Areas.
- Collaborated in the preparation and curation of exhibits for public outreach and scientific communication**.**
- Addressed sampling gaps, uncovering new national records and species potentially new to science.
- Authored undergraduate thesis from self-organized research project, awarded Best Biology Thesis in Faculty.

IUCN Red List Reviewer & Technical Advisor, International Union for Conservation of Nature (IUCN) 04/2026

- Assessed conservation metrics determining Red List inclusion, providing critical scientific baselines for policymakers.
- Co-secured the prestigious Mohamed bin Zayed Species Conservation grant

Curatorial Volunteer, *Museum für Naturkunde*, Berlin 10/2025-03/2026

- Identified and digitized historical samples of endangered/extinct snail species affected by human-driven extinction.
- Cataloged and digitized historic type specimens and series (Family Partulidae), preserving fragile nomenclatural records
- Verified historical specimens and topotypes to resolve taxonomic uncertainties.

Museum Guide & Science Communicator, *Museo Universum & Social Media Platforms* 02/2022-08/2022

- Delivered educational tours on paleontology for diverse and inclusive visitor groups.
- Co-founded "BioCuriozoos" platform, directing science communication strategies to foster public environmental literacy.

SOCIAL SERVICE AND VOLUNTEERING

United Nations Online Volunteer, *Regional Bureau for Latin America and the Caribbean,* UNDP 06/2026-07/2026

- Performed geospatial mapping of territorial elements to support regional open data disaster prevention initiatives.

Project Specialist, *Instituto de Ciencias del Mar y Limnología,* UNAM 03/2023-04/2024

- Constructed a historical sample database to assess water quality risks affecting vulnerable fishing communities.
- Assisted in limnological field sampling to evaluate the socio-ecological crisis impacting local fishermen.
- Awarded the "Gustavo Baz Prada" Award for outstanding community engagement and technical contributions.

HONORS

- **Best Thesis Award** "Carlos Enrique Chávez Solís 2025" *Facultad de Ciencias, UNAM*: Academic annual distinction that seeks to recognize biology students who have maintained an impeccable academic record and produced high-quality work, motivating new generations of biologists to redouble their efforts and encouraging them to set increasingly ambitious goals while undertaking solutions to national challenges.
- **Social Service Award** "Gustavo Baz Prada 2024". *Facultad de Ciencias, UNAM*: Annual distinction that recognizes students through their participation in programs with a social impact, aimed at disadvantaged populations and designed to help improve their living conditions, contributing to the country's economic, social, and educational development.
- **Graduated with honors**. *Facultad de Ciencias, UNAM*: Highest academic distinction conferred upon graduation, requiring a top GPA, timely completion, and unanimous distinction by the five-member examination jury during the thesis oral defense.
